V International scientific-practical conference "INCLUSIVE EDUCATION" Moscow, October 23–25, 2019

Since 2011, the International Scientific and Practical Conference “Inclusive Education” is a platform for discussing topical issues of the development of inclusive education. Our conference is held every two years and gathers about 800 participants.

The purpose of the V International Scientific and Practical Conference is to discuss the problem of continuity of the inclusive process in education, analyze the main achievements and contradictions in the implementation of the continuity of the process of inclusion at all levels of education, unite the efforts of science, practice and the public in the development of inclusive education.

Participants: specialists developing the theory and practice of inclusive education in Russia and abroad, researchers, experts, representatives of educational authorities, heads of educational organizations and teachers, graduate and undergraduate students, representatives of public organizations who solve problems of social, cultural and educational inclusion.

Thematic directions:

1. Continuity of educational technologies and inclusive practices.
2. Continuity of psychological and pedagogical support at all stages of inclusive education.
3. Socio-cultural adaptation, vocational guidance and employment.
4. Distance learning in inclusive education.
5. Interdepartmental cooperation in the implementation of a continuous inclusive process.
6. Continuity of support for families raising a child with special needs.
7. Social organizations in the development of social, cultural and educational inclusion.

The theoretical foundations and research results as well as practical experience will be presented in each thematic direction. Participation formats: plenary reports, sectional discussions, round tables, panel discussions, poster presentations.

Conference languages are Russian and English.

A collection of conference materials and a thematic issue of the journal “Psychological Science and Education” (Web of Science) will be published. Requirements for publications as well as registration form are presented on the website www.inclusive-edu.ru in the section “Conference-2019”.

Contacts of the conference organizing committee: 8-906-778-55-55 (phone and WhatsApp).
